### ANNUAL MORSE TELEGRAPH CLUB MEETING 1983

by Bob King, KA9GNY

As many of you know I am an old "brass pounder" in the true sense of the word, with my telegraph career harking back to 1939 when I started telegraphing for Western Union, some 12 years before my "ham radio" activities. I left W.U. in 1944 and spent 35 years with the C&NW RR as a telegrapher. The telegraph is pretty much a thing of the past but once year it flourishes nationwide, on the last Saturday in April, honoring its famous inventor Samuel F.B. Morse. Thanks to Western Union and the many telephone companies involved, all the old telegraphers in the U. S. can get together and once again exchange greetings with one another.

This year the Milwaukee-Madison Chapter (MW), to which I belong, met at the Crepaco Mfg. plant at Lake Mills, Wis. and for the first time in the four years our chapter has been in existence we had a perfect wire. The setup is rather complicated and does not work like the old single wire break circuit we used to use. It is called a half-duplex and when someone is sending on the wire he cannot be broken, much the same as in ham radio. I personally talked to Sacramento, CA, the longest distance I have ever transmitted on a land line wire. Most of us in the telegraph business, other than relay operators, worked mostly only distances of up to about 300 miles to the nearest relay station.

Plans are in the making to hold next years get-together at the Mid-Continent RR Museum at North Freedom, Wis. on April 28th. 1984 The Morse Telegraph Club is open to any landline Morse telegrapher or radio ham. The club has a midwest net on 7.040 MHz which meets twice daily at 10:30 A.M. and 7:00 P.M. and is usually run by Harvey Bates, WA0DEY, Liberty MO. International Morse is used with no formalities or message handling, just a ragchew bunch. Dues for MTC are \$5.00 per year and includes DOTS AND DASHES, which is published quarterly and contains many, many articles of great interest about telegraph and early days of radio. If interested contact me at Baraboo, Wis.

Hams Help "Crazylegs Run" in Mad City:

A 30 Kilometer run was held in Madison on 30 April, and over 4000 runners took part. Hams were asked to help with communications, and the following responded:

Stephanie, KA9HCJ	Jim, WD9FRF
Paul, WA9PWP	John, WD9VZZ
Steve, W9YSD	Rich, WB2WXH
Bill, W9LDF	Jim, K9ZZ
John, WB9TQG	Clyde, W9HSY
Jim, N9DAD	Steve, WD9FLI
Glenn, NPETE	Gary, N9DRA
Jack, WA9QNI	

All the help was coordinated thru MARA, and most ops are MARA members. Clyde, W9HSY, was on the air at WISM-FM, and between records, he was on .76 setting things up. We all had a bit of a chuckle when he got about halfway thru saying "This is W9H..." instead of "WISM."

BIG thanks also go to the Badger Amateur Radio Society and their repeater, W9YT/R. We used their machine for the entire operation, and it worked flawlessly.

At the stadium after the run, Steve, WD9FLI, summoned help for a person who was having a seizure. Two other minor health-related problems were handled as well.

Working public service - there's nothing like it. It's sorta self-serving - you feel proud of yourself - and there's nothing wrong with that!

Public service - try it - you'll like it!

-k9zz

Is something happening in YOUR area - upcoming or just passed? Tell US about it so we can tell the story! Send your editorial material to Jim Romelfanger, K9ZZ, 1414 Martiny Ct. #6, Baraboo, Wisconsin 53913. Share your story with us!

From Westlink Reports

**CB RADIO HAS BEEN DELICENSED.** The FCC acted on April 27th to drop the license requirement, permitting any resident to operate "under blanket authority" on the 27 MHz. Citizens Radio spectrum. The Commission will retain the power to enforce Part 95 of its rules including the imposition of fines or other administrative sanctions against violators. The FCC estimates that this action will save it over \$500 thousand annually in administrative costs.

**FCC COMMISSIONER ANNE P. JONES** surprised the rest of the Commission 2 weeks ago with an announcement that she intends to vacate her position on the Commission in favor of returning to private law practice in the Washington area. Jones took office on April 2nd, 1975 with her term expiring June 30, 1985. Her resignation becomes effective May 31st, thus creating a vacancy President Reagan is expected to fill with another Republican.

Most of the shadows of this life are caused by standing in our own sunshine.

Gardeners are people who think that what goes down must come up.

Swapfest Corner

June 5: Central Wisconsin Radio Amateurs Swapfest at Bukholt Park in Stevens Point. Look for talkin on 147.67 repeater. Frank, W9BCC, sez this will be a goodie! There are many door prizes and...a raffle with EIGHT one-hundred dollar prizes. It's a great spot and you'll enjoy yourself. Flyer with this issue.

June 5: Starved Rock Radio Club Illinois State ARRL Convention and one-day Hamfest, celebrating 50 years of SSRC. Free coffee & donuts at 8 a.m. Free swap and shop. Meet Central Division ARRL Director Ed Metzger, W9PRN and ARRL Counsel Chris Inlay, N3AKD, Talkin 147.12/72 & 146.07/67 or 146.52. Registration \$3.00 at gate. Fest QTH is Princeton IL at the fairgrounds.

June 12: Six Meter Club of Chicago, 26th annual Hamfest. Southwest of Chicago at Santa Fe Park, 91st and Wolf Road, Willow Springs, IL. Large swapper's row with plenty of parking space, displays in the pavillion and refreshments.

July 9: South Milwaukee ARC Hamfest at American Legion Park near Ryan Road, not far from I-94. A goodie, lots of swappers and buyers. Suds available. A flyer is enclosed for this one also.

July 16: Sheboygan County ARC Lakeshore Swapfest and Public Brat Fry. Wilson Town Hall at Sheboygan, Wis. (Business 42 south of city) From 10 a.m. to 4 p.m. Free tables. (advance deadline June 30, 1983) Admission: \$2.50 in advance or 3.00 at the door. Talkin: 2 meter (repeater 66/06) and 52. Camping available at nearby Terry Andrae State Park.

A toothache is a pain that drives you to extraction.

HAHAHA! The Milwaukee County ARES will be providing communications for the City of Festivals Parade to be held in Milwaukee on Sunday, June 26, 1983. (that's right- the last day of Field Day. - Ed.)

It is planned that the Parade will have about 20 commercial floats and a total of about 50 units. The parade should be about 90 minutes. Milwaukee County ARES anticipates a need for about 40 Amateurs and the turnout has not been overwhelming, probably in part due to Field Day being scheduled for the same weekend.

Volunteer Communicators are badly needed. If you aren't going out on FD, or if you could help with this in place of Field Day, please contact Jim Decker, WB9UQT, P.O. Box 337, Baraboo, Wisconsin 53913-0337. (608) 356-5376.

We hope we can help the Milwaukee bunch, since they have mustered troops when we have needed them in our local area. If necessary, you can call Dick Victor, WD7861, collect, at home phone (414) 352-2606.

Your editor has worked many parades in Suds City and I'll gladly testify that it is indeed much fun. Amateur Radio has excellent relations with Milwaukee City and County Law Enforcement, and we hope we don't let them down. If you volunteer, you'll get some info shortly. We hope to arrange carpool transportation - if there are enough volunteers. 40 are needed, and on Field Day weekend, it's going to be hard to find enuf. Hope you might offer YOUR help!

Dick Victor's address is 950 East Wahner Place, Milwaukee, Wisconsin 53127. Thank!

k9zz

#### From Westlink Reports:

Two Radio Amateurs were killed as a result of a Vietnamese attack on an unarmed yacht. The boat was carrying four operators plus a crew of two for a DXpedition to the isolated Spratley Island chain in the South China Sea. Killed during the 15 minute attack on the 51 foot catamaran "Sidhartha" on April 10th was Diethelm Mueller, DJ4EI, who was hit by an artillery round and fell overboard when the yacht caught fire. The second victim was "Gero" Band, DJ3NG, who succumbed to exposure and dehydration while adrift for 8 days in a tiny dingy with the four remaining members of the party.

The survivors, all listed as suffering from exposure and gunshot wounds, are: DXpedition leader, Baldur Dronica, DJ6SI; Norbert Willand, DF6FK; and the skipper, Peter Marx and his wife Jenny. The 4 were picked up by the Panamanian-registered freighter "Linden" and were taken to Hong Kong and hospitalized.

According to a West German Foreign Ministry official who talked with one of the survivors by radiotelephone, the gunners were identified as Vietnamese on the Island of Amboina Cay. Vietnam has a garrison on that island, which is part of the hotly disputed Spratley group. tnx W6RCL, NBC Network News.

#### From Westlink Reporter

The early June Phase 3-B launch will be delayed once more--this time for anywhere between one week and two months, according to word from AMSAT. There are two problems that the European Space Agency wants to solve to insure a safe launch of the Ariane L-6 booster. One is with a computer system while the other is the on-going anomaly with the third stage cryogenic booster engine.

Word of the delay was passed to AMSAT Headquarters by the Phase 3-B Launch Crew, which is currently at the ESA Launch Facility in French Guiana. Members of the group will complete all phases of the satellite integration with the L-6 except for fueling, and then return to their respective homes to wait for word of an exact launch commitment.

It is believed that ESA will help defray part of their expenses in returning to French Guiana since this delay was not tied to the Phase 3-B spacecraft itself. Tnx WAZLQQ, K1HTV. (Westlink Pub. note: Rumors that the letters "ESA" stand for "Entirely Stalled Attempt" are not true.)

#### From GEARVAKf BULLETIN

(issue censored by GEARVAKf for your protection)

#### SURPLUS CODE DONATED TO GEARVAKf

GEARVAKf is pleased to announce that it has accepted a sizable donation of dits and dahs from J. Smmmk, mm. Mr. Smmmk noticed several years ago that there appeared to be a surplus of dits and dahs, as cw operator were using them at a rapid rate, embellishing and accenting their cw transmissions with several extra dits and dahs in each transmission. Smmmk enlisted the help of his close friend, Fred Fmmmmat, mm2, and, together, they spent several hours every week collecting the extra dits and dahs and storing them in 55 gallon barrels. They were amazed to find that they had amassed 150 barrels of dits and 425 barrels of dahs and had no more room in which to store them. They decided to donate the entire amount to GEARVAKf as a tax write-off. The dits and dahs are used, but are still in excellent condition, and, as a service to Amateurs, GEARVAKf will soon be making these available to Hams in pint, quart, and gallon sizes. It is also anticipated that GEARVAKf will give a barrel of each to five new keyer operators. The dits and dahs are sold with no guarantee.

--K9ZZ

FCC/Chicago gives these proposed exam dates for Milwaukee in June: Commercial exams June 8, and Amateur, June 9. Tests are given at the Ramada Inn in downtown Milwaukee, at 633 West Michigan. All applications must be filed in advance on FCC form 610. Send the properly-completed 610 to: Federal Communications Commission, Room 3940, New Federal Bldg., 230 S. Dearborn, Chicago IL 60604 at least 15 days prior to the test date. Specify the city and month in the appropriate 610 spot. No fees. About a week before your exam, you'll get an FCC notice giving the place, date and hour for your test. Good luck and may the surly god of Manihiki do you well....pass, that is....he's not really surly, just testy. Pun intended.

YTARC JUNE BIRTHDAY: We send our birthday best wishes to these:

June 8 - Ken Ebner, K9EN, Portage  
 June 18 - Harold Reif, Baraboo  
 June 24 - Harry Mayland, K9FFT, Baraboo

Keep 'em coming-and many more! k9zz

May Meeting - A Good One! The May gathering was held the 16th in room 25 of the Baraboo Civic Center. Present were the following FAITHFUL:

Jim Romelfanger, K9ZZ, Baraboo  
 Duane Grotphorst, KA9HKL, Sauk City  
 Harry Mayland, K9FFT, Baraboo  
 Art Escher, W9WUS, Lodi  
 Norm Gade, K9ELK, Reedsburg  
 Bob Johnson, WB9EIW, Portage  
 Harold Reif, Baraboo  
 Jim Decker, WB9UQT, Baraboo  
 Ken Ebner, K9EN, Portage  
 Lyle Stone, WD9ESD, Lodi  
 Steve Schwoegler, WB9RNL, Wisconsin Dells  
 Art Kleefisch, W9WSS, Baraboo

Officers present were WB9UQT and K9ZZ. In the absence of president KA9GNY, K9EN was chosen to officiate.

The minutes of the previous meeting and the Treasurers report were read and accepted.

Ken then asked for unanimous approval for a suspension of the rules so that two new members could be voted into membership. It was approved and a BIG welcome was given to newly elected members Duane Grotphorst, KA9HKL, Sauk City and Steve Schwoegler, WB9RNL, Wisconsin Dells.

N9BXV's letter of resignation as Vice-president was read and accepted. The club will miss Ted.

1983 Election of officers: Last years' officers were understood to have indicated their willingness to continue to serve for the balance of 1983, and President Bob King, KA9GNY, Treasurer Jim Decker, WB9UQT, and Secretary Jim Romelfanger, K9ZZ were elected without opposition. Steve Schwoegler, WB9RNL, was nominated for Vice President/Activities Manager. He accepted, there was no opposition, and he was therefore elected.

A letter from Woody Minar, K9EF/ET, regarding no-code was read and it is reproduced elsewhere in this issue. Steve, WB9RNL, made some good comments regarding Japanese gear and lack of competition by American manufacturers.

K9EN brought up our proposed raffle, and, after discussion, it was decided to hold one, with a share of the proceeds going into the club's two reserve accounts

(Equipment and General). The distribution and amounts will be made at the meeting following the completion of the raffle. The Winners will be drawn at the Club's September Fish Fry, tentatively set for September 23.

Steve, WB9RNL, brought up the idea of a "generic" Wisconsin State QSL card. He will be getting quotes and ideas for such a card.

Field Day was discussed, and a number of ideas were brought up. Steve, WB9RNL, thought a solar-powered station might be a good idea, provide some fun, and maybe get us some media. We also discussed having an all-mode two meter rig there. The general consensus was that one HF station and the VHF station would be all we'd have, and that it would be adequate. Novices would be invited (and non-Amateurs, such as class members) to make some contacts on CW.

The next meeting will be Tuesday, June 14, where final planning for a small FD effort will be done. Please plan to attend. Also, we may have meetings in July and August, continuing right thru the year, not dropping summer meetings as we have been. Good programs are planned, and we'll try to make 'em varied.

Buck Nite winner was Harold Reif, who happily pocketed \$5.00. He said he's never won anything before. 'Bout time, Harold!

Meeting Adjourned. See you Tuesday, June 14, 7:30 p.m., Baraboo Civic Center, room 34.

A sincere thanks to those who took time to attend the meeting and make it possible to go ahead with business and progress. It's appreciated!

YTARC 52 NCS:

Net controls for the YTARC 52 net for June are:

June 6: K9ZZ. June 13: KA9GNY. June 20: W9KKM. June 27: K9ZZ. If you can't take your night, please try to find a sub. Danke. k9zz

Stuff: New Ham in Portage is Bob DeLoughery, KA9PPK (TNX K9EN)...Gordon (W9ULM) and Bev (WB9ZBS) Grant are operators of the Alfadale Dairy Goat Farm, turning out lots of good, rich goats' milk from Oxford...

Lee, W9ULK, Oxford, had cataract surgery recently and is most happy with the results!... Congrats to Dorothy Moore, K9BBL on her election as Secretary-Treasurer of the Washington County Amateur Radio Club...

For Sale: Courier Caravelle II 23 channel CB base station. Complete with desk mike. Rig is ideal for 10-meter AM or FM conversion. Asking \$75.00. Jim Romelfanger, K9ZZ, 1414 Martiny Ct. #6, Baraboo, Wisconsin 53913

FOR SALE: Ten-Tec Argonaut 505, model 405 linear, 252 AC power supply. Like new, with manuals and mike. Sell all three as unit only. \$350.00. K9JVP, 102 S. 5th St., Mt. Horeb 53572. phone (608) 437-8221 after 5:30 p.m.

NO CODE an Editorial by  
Woody Minar, K9EF/ET

I read in the news that the FCC voted unanimously -- unanimously, no less -- to let individuals operate CB radios without a license. I wonder what prompted them to vote on that issue. Well, there is one consolation -- the FCC said CB enthusiasts will still be expected to know the rules for using the radios. Will the FCC enforce it? How? And what if you're not enthusiastic about CB radio; will you then not have to know the rules!?

I can believe the FCC has done this. They are pushing for the no-code license, aren't they? Amateur radio is headed in the same direction as CB radio. First, the FCC didn't want to give exams; now, they don't want to give the code. Next, they'll not want to issue that computerized printout they call a license.

Is there no pride to associate Morse code with Amateur Radio? Is there no pride to associate an amateur electronic nut with Amateur Radio? Is it called pride to associate an appliance operator who bought a book full of answers to a "test" of "electronic theory" and "rules and regulations" to Amateur Radio? What happened to pride? Has it been pushed aside by money -- to buy everything you own and to "buy" a license, vis-a-vis a book with answers and pushing for no-code?

I take my license seriously and I have pride in my license -- I got it the old fashioned way; I earned it.  
73, Woody

Many clubs throughout the nation and the world occasionally find themselves in positions similar to the YIARC and others as the following editorials from other club papers indicate. If ALL of a club's members will work together to make a club successful then it will be, but if it is left to just a few, then there will be problems in keeping keeping a club healthy and interesting. YOUR HELP IS NEEDED BY YOUR CLUB.

--K9EN

From Amateur Radio Beacon, Portsmouth, VA ARC, via ARNS  
HOW TO KILL HAM RADIO

Don't participate beyond paying your dues. Let "them" handle things. Then complain that members have no voice in the organization.

Decline all offices and committee appointments -- you're too busy. Then offer vociferous advice on how they should do things.

If appointed to a committee, don't work. It's a courtesy appointment. Then complain because the organization has stagnated.

If you do attend meetings, don't initiate new ideas. Then you can play "devil's advocate" to those submitted by others.

Don't expect to pay your dues. They're too high anyway.

Then complain about poor financial management.

Don't encourage others to become members -- that's selling. Then complain that the membership is not growing.

Don't read the mail from Headquarters -- it's not important. Then complain that you are not kept informed.

Don't volunteer your talent -- that's ego fulfillment. Then complain that you're never asked, never appreciated.

If, by chance, the organization grows in spite of your contributions, grasp every opportunity to tell the "Youngsters" how tough it was, how hard you have worked, in the "old days," to bring the organization to its present day level of success.

From THE BLURB, Philmont Mobile Radio Club, via ARNS  
THE PREZ SES --

I just ran across an article I would like to share with you. I have been saving it for the last five years and feel it has a very important message for all of us.

With his thumb, a hitch-hiker says, "you furnish the gas, car, attend to the repairs and upkeep, supply the insurance, and I'll ride with you But, if you have an accident, I'll sue you for damages."

It sounds pretty one-sided, but one wonders how many hitch-hikers there are in our club. Many members seem to say, "You go to the meetings, serve on the committees do the paper work, study the issues, contact the legislators, run for office and take care of things that need doing and I'll just go along for the ride And if things don't suit my fancy, I will complain, criticize, and probably get out and hitch-hike with another guy."

Hitch-hiker or Driver? Ask yourself, which kind am I?

#### FLARC NOWS 'EN WITH FCC PRESENTATION

Looking a whole lot more like a pretty fashion model than an FCC staffer, Ms. Jelenek, of the FCC Field Office in Chicago, fielded questions from members of the Madison Four Lakes Amateur Radio Club on May 17.

She was kept occupied for over an hour, handling questions on just about every possible topic for Amateurs to ask, ranging from foul language, field monitoring efforts by District 18, illegal satellite reception, direct satellite broadcasting, wireless telephones and a multitude of others.

Ms. Jelenek deserves a very large thank you from all of us, and a special bouquet to FLARC for making arrangements for this fine program. The room was full of folk -- a nice turnout. --k9zz

Coming next month -- News about the Wisconsin Nets Association, Madison Area Repeater Association, Yellow Thunder ARC, and, hopefully, results of the 1983 Wisconsin QSO Party, sponsored by the West Allis Radio Amateurs Club...also some pix from the MARR Swapfest last April. Features tool -- k9zz

The following item is for YTARC members:

Duane Grotophorst, KA9HKL, Sauk City, had an excellent letter to the editor of 73 Magazine in a recent issue. He talks of a club with no quorums, etc., and it's YTARC. Duane's letter is well thought out and Wayne's reply made sense, too. This will help YTARC to take new directions. We say a BIG thanks to Duane for his concern and doing something positive!

Oddly, last year, some members were concerned about "funding K9ZZ's photography hobby." That was corrected at that same meeting. Some were concerned about the expense of the club paper. That has been corrected, as they wished. (Some of that pressure was carried from non-members to the club via a non-witting member, and they did their damage!) Now, the members who were doing the bitching don't attend any more meetings. How odd. k9zz..oops.. two reserve funds were asked for, were set up. The profit from our upcoming raffle ALL goes into the reserve funds. How ironic. We'll have money (with over 200.00 in the treasury now) and we won't have enough attendance to decide how to spend our reserve accounts when the time comes. k9zz.

---

Vietnam Reds Kill DXers: From Worldradio..

Two West German Amateurs died as a result of their DXpedition being fired upon from Vietnamese positions on Ambona Cay.

On 10 April, Diethelm Mueller, DJ4EI, was killed when a shore battery opened up. The 15-minute attack sunk the 51-foot boat and the five survivors escaped in a small dinghy. After eight days without food or water, Gero Band, DJ3NG, died from dehydration and exposure.

The next day, Balduar Drobnica, DJ6SI; Norbert Willand, DF6FK, the boat's captain and his wife were rescued by a freighter. All were released from a Hong Kong hospital on 22 April.

Another 3-D Movie has been released; it's "Space Hunters." It's rated PG so the young 'uns can see 3-D for the first time. Terrible story, especially compared with "Return of the Jeddi" (Not 3-D), but Hunters is great 3-D. See 'em both! k9zz.

What are you or your club doing? Tell us about it! Activity in public service, MARS, DX, construction, awards or operating achievements, whatever. Tell us so we can tell the state! Send items to Jim Romelfanger, K9ZZ, 1414 Martiny Ct #6, Baraboo, Wis. 53913.

The Experimental Aircraft Association will be holding its annual convention and fly-in the first week of August at Wittman Field in Oshkosh. If you go, be sure to stop at Amateur Station W9KKK/9 on the grounds. Sign the register and enjoy the company of Elmer, W9KKK and many more. Leave your QSL, too, and you can charge your handheld's batteries, fix your radio(s), etc. Not responsible for any lost or stolen items. Hope to see you there; you're always welcome.

Share this copy with a friend...we can always use more subscribers!

-73, jim, k9zz

A few parting comments: Anyone who agrees that life begins at 40...wasn't born yesterday.

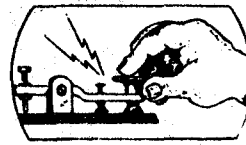

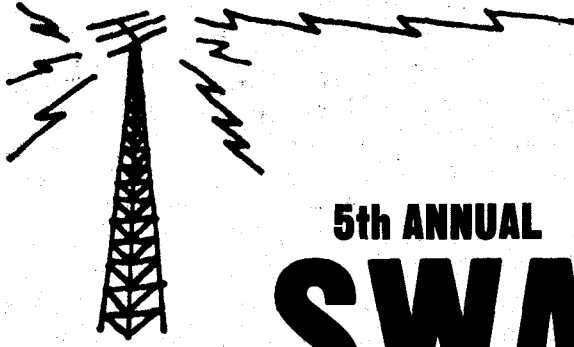

The average wife doesn't mind if her husband's mind wanders, just as long as it makes a round trip back to her.

Drucilla was a maiden pure,  
Who juggled hunks of furniture...  
People came in droves and scores  
To see Drucilla drop her drawers.

(Thx Smoke Signals Native American paper)

Does your county have an Emergency Coordinator (EC)? If not, why not you? Contact SM K9FHI or SEC W9OAK for what the job means and a form to apply. Less than half of the Wisconsin counties have ECs - we can surely do better than that!

# BADGER STATE SMOKE SIGNALS

## SUBSCRIPTION FORM

Dear Fellow Radio Amateur:

Subscriptions to Badger State Smoke Signals are now available to one and all. The paper will carry current Amateur Radio news, news about YTARC, MARA, WNA, ARRL and other clubs and groups in Wisconsin as well. You will be kept apprised of what is happening in our hobby - locally, regionally, nationally and around the world. Among the many features will be Sentence Sermons, member Birthdays, swapfest calendar, ARRL section news, humor and excellent feature articles by well-known Amateurs in Wisconsin and elsewhere. Reports will be included from ARRL Bulletins, ARRL Newsletters, and Westlink Reports, along with items of interest from exchange newsletters and the ARNS.

Subscription rates:     - 1 year     -     \$6.00 (12 issues)  
                             2 years     -     \$11.50 (24 issues)  
                             3 years     -     \$17.00 (36 issues)

If you wish to subscribe, please use the form below. Make checks or money orders payable to Badger State Smoke Signals. Send this form to Jim Decker, WB9UQT, Treasurer, P.O. Box 337, Baraboo, Wis. 53913.

For information on how to get news of your club in Smoke Signals and special rates for clubs please contact K9ZZ, K9EN or WB9UQT.

Computers never make mistakes,  
I know this is true.  
I only wish that programmers,  
Could always say this, too
